Hal Leonard Corp. : First 50 Rock Songs You Should Play on Electric Guitar before purchasing it in order to gauge whether or not it would be worth my time, and all praised First 50 Rock Songs You Should Play on Electric Guitar:

8 of 9 people found the following review helpful. Essential book for the beginner or intermediate level player looking to learn recognizable songs quickly. By Andrew Royal Tons of great songs in here. Nice beginner format. Does not generally include solos, but this book will get you playing some of the most popular rock songs for beginner guitar players. I am at an intermediate skill level, just starting to learn modes and all 5 positions of the Major and Minor Pentatonic scales. I have been playing for just under 2 years. Most of these songs I can learn on my lunch break at work and play along with the original track on the same day. Most of my studies have been around technique and not learning songs, so this book has allowed me to get up to speed on well known songs, quickly. I wish I had found this book when I first started. You can get playing real songs, very quickly, as long as you can read tablature. I absolutely

recommend this book to anyone who wants to learn a bunch of songs quickly or is not already "playing by ear". 1 of 1 people found the following review helpful. Opened my eyes to the rest of the fret boardBy feba0
Opened my eyes to the rest of the fret board. I'm teaching myself to play and this book provides lots of lessons (and ways to cheat on those 2 3 string chords) to learn and form chords all over the free board. It is really helping me from go from acoustic to electric.0 of 0 people found the following review helpful. Do NOT Order this Book as a Kindle VersionBy John P. Quirke
This is a KINDLE review (mostly): Song selection is great. The printout/readability/zooming/all the other stuff you can do on an electronic book is BEYOND HORRIBLE. For Kindle, someone ran the pages of this book through a crappy, out-of-toner, printer and put it here for your purchasing frustration.If you want to learn how to play these songs while viewing the music/tab underwater, go for it. Otherwise, order the hard copy.With that said, great song selection. Which is why I wanted the book yesterday in the first place.

(Guitar Collection). A great collection of 50 "standards" that you really need to know if you want to call yourself a guitarist! Includes: All Along the Watchtower * Beat It * Born to Be Wild * Brown Eyed Girl * Cocaine * Communication Breakdown * Detroit Rock City * Hallelujah * (I Can't Get No) Satisfaction * Iron Man * Oh, Pretty Woman * Peter Gunn * Pride and Joy * Seven Nation Army * Should I Stay or Should I Go * Smells like Teen Spirit * Smoke on the Water * Sunshine of Your Love * When I Come Around * Wild Thing * You Really Got Me * and more.

About the AuthorFounded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time.
