I bought it to practice with TABS and learn a few introductions to some Bass lines from music I don't normally play or perform to add a little humor to the band's I play with. Glad I got it..0 of 0 people found the following review helpful. Highly recommended for a beginner/noviceBy RayThis book was a good purchase. Tabs are easy to read and are wrotren as if they were on a staff so you can almost feel what should be played. Good variety of songs too. I would recommend this to anyone who plays bass but doesnt know how to read music. If you want to be able to play a few songs quick this isn't a bad option.1 of 1 people found the following review helpful. Five StarsBy David LeamonHas tabs which is good for me.
