The style in which this book is written lends itself to being easily understood and enables one to go back quickly to review key points.0 of 0 people found the following review helpful. Well-worth

reading for any music teacher. By J. Gaffga Dr. Bertalot includes not only practical, and 'aha!', ways of developing musicianship in children and adults alike, but he also shares a philosophy of teaching that will remind you why you become a teacher in the first place, whether three or thirty years ago. More progressive academicians may need to translate some of the inquiry-based methods to an approach less teacher-as-sage and rather teacher-as-facilitator, but the foundation of the approach is, regardless, applicable to any teaching mindset. 0 of 0 people found the following review helpful. Engaging and Effective By whitepine Here you will find not only aspirations and ideals but also concrete means of achieving the successful sight-singing as promised. Mr. Bertalot writes with enthusiasm and passion about the gift teachers give when imparting new skills and self-control. I would love to see every church and school administrator read this book.

A Practical Approach to Teach Children (and Adults) to Read Music. Bertalot's fresh approach motivates both experienced teachers and novices alike. He identifies five basic principles and twelve steps to success.
