It is always nice to learn more about her and what inspired her, but this book felt very juvenile. I felt like all the info came from various online videos and interviews. I had seen all the pictures before. There was nothing exclusive to this book. I had a cringe on my face the entire time I read it.0 of 0 people found the following review helpful. Fortunately they peeled off just fineBy cmBook came in condition described and arrived on time.Wasn't expecting so many price stickers on book. Fortunately they peeled off just fine.0
