1 of 1 people found the following review helpful. Clear and Easy to FollowBy AparriesThis guide take you almost step by step. Every once in a petal I thought the instructions could have been better, but overall I'm pleased with how well the explanation led me to a decent product. I would have given 5 stars if the book would have included clear sheets to put over the page to practice with.Overall, it gave me some great ideas for my own customized projects.0 of 0 people found the following review helpful.
