**Carl R. Crego : Fort Ticonderoga (Postcard History Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fort Ticonderoga (Postcard History Series):

0 of 0 people found the following review helpful. HISTORY COMES ALIVE AND HUMANBy Lanna S. SeuretListening to Colonial Radio Theatre's presentation of "TICONDEROGA!" from Audible, a highly recommended dramatized history got me interested in the French, Indian and British and American War as never before. There were many things I was challenged to learn, and this little book, compiled of historical paintings, drawings and post war photographs of ancient or unrestored forts and buildings was a treat. Nice size to hold and store. I'm very pleased.0 of 0 people found the following review helpful. WonderfulBy Betsy RyanWe visited Ft. Ti recently and my husband wanted to learn more. This book was perfect and contained a great collection of photographs.0 of 0 people found the following review helpful. Five StarsBy NotYourEverydayGreat pictures that are hard to find anywhere else!

Called "the Key to the Continent" and "the Gibraltar of the North," Fort Ticonderoga controlled the strategically critical portage between Lakes George and Champlain in the eighteenth century and played an important role in both the French and Indian War and the American Revolution. French troops began construction of the fort in 1755, calling it Fort Carillon. The British captured the fort in 1759 and renamed it Fort Ticonderoga. The storming of the fort on May 10, 1775, by Benedict Arnold, Ethan Allen, and the Green Mountain Boys was America's first victory of the Revolutionary War.
