Great gift for grandmother-to-beBy Natalie OlsenGalimberti, while couch-surfing around the world, met local grandmothers, then photographed each with the ingredients to her favorite recipe. I loved the photographs, the recipes and descriptions of the women. I bought this as a gift for a new grandmother, but will order another for myself.0 of 0 people found the following review helpful. Beautiful kitchen top book.By Courtney W.This is a beautiful book for your kitchen or coffee table. It has great stories from loving grandmothers across the world that show their love through cooking. I have not made any of the recipes in this book, but I love to sit and look at the beautiful women and their stories.

In a gorgeous keepsake volume based on the slideshow that captured the world's attention, Gabriele Galimberti's beautiful portraits of grandmothers from all over the world with their signature dishes stunningly illustrates the international language of food and family. On the eve of a photography trip around the world, Gabriele Galimberti sat down to dinner with his grandmother Marisa. As she had done so many times before, she prepared his favorite ravioli—a gesture of love and an expression of the traditions by which he had come to know her as a

child. The care with which she prepared this meal, and the evident pride she took in her dish, led Gabriele to seek out grandmothers and their signature dishes in the sixty countries he visited. The kitchens he photographed illustrate both the diversity of world cuisine and the universal nature of a dish served up with generosity and love. At each woman's table, Gabriele became a curious and hungry grandson, exploring new ingredients and gathering stories. These vibrant and intimate profiles and photographs pay homage to grandmothers and their cooking everywhere. From a Swedish housewife and her homemade lox and vegetables to a Zambian villager and her Roasted Spiced Chicken, this collection features a global palate: included are hand-stuffed empanadas from Argentina, twice-fried pork and vegetables from China, slow-roasted ratatouille from France, and a decadent toffee trifle from the United States. Taken together or bite by bite, *In Her Kitchen* taps into our collective affection for these cherished family members and the ways they return that affection. *In Her Kitchen* is an evocative, loving portrait of the power of food and family, no matter where in the world you sit down for dinner.
