As an artistic person who loves to sing, dance, feel and see things, God created people like me to assist with creating the picture, setting the atmosphere, and filling it with our interpretation of what God would want His people to see and experience. This book is for the person who is looking for ideas and creating a foundation for their organizations's

creative arts department. You will also gain knowledge on leadership and team building while enjoying a few personal stories and a 30-day devotional. This book is a great introduction into the arts from a Christian perspective. We should all be walking Bibles ready to share God's love for us, to depict stories in the Bible in modern day examples and to carry out the great commission. We are supposed to be the Word of God. The bible settles the fact that God created man and gave us access to all that this world has to offer expecting us to have dominion in it, to cultivate it, to replenish it and to CREATE in it—all so that His glory might be revealed. Take the limits off and step boldly into the fire of your creativity. It is in Him that WE live and move and have OUR being.
