**Jeffery L Thompson : In Pursuit of the Mysterious Missing Day: Anna's Story (Scientific Light and Illustration)** before purchasing it in order to gage whether or not it would be worth my time, and all praised In Pursuit of the Mysterious Missing Day: Anna's Story (Scientific Light and Illustration):

Anna was on a mission: Intersect with the Magellan log copies and review the accounts for herself. This mission posed no mall challenge. When her mission intersected with that of Nicolaus Copernicus, more than one mystery was solved. Anna's story was one of intrigue in a time that was not kind to inquiring minds. In 1519 Magellan undertook a secret

mission for the Spanish crown.
