0 of 2 people found the following review helpful. very bad experience By David Fox the seller of this item failed to deliver it and did not return me my money yet. 4 of 4 people found the following review helpful. Great book! By J. Odonnell-Jones I am an interior design instructor, and this is a great resource for building shells and different scenarios for students to space plan. If you are a student, it's a great way to hone your skills. I strongly suggest adding it to your collection.
