**Rob Carson, Jay Wanamaker : International Drum Rudiments** before purchasing it in order to gauge whether or not it would be worth my time, and all praised International Drum Rudiments:

1 of 1 people found the following review helpful. Great BookBy L. DoranThe book was shipped fast and packaged well. My son (17 years old) wanted this to help him learn some new styles of playing drums, and to get his speed up a bit. He liked this book a lot.0 of 0 people found the following review helpful. Five StarsBy YITMERJust what I looked for. Product as described.1 of 1 people found the following review helpful. Your Drum RudimentsBy MadBradI love the variations, they really help me approach and apply the rudiments from different perspective. A really nice and compact version of all the rudiments.

This is the new official rudiment list as adopted by the Percussive Arts Society. A recording performed by world

champion snare drummer, Rob Carson, is included.
