Interweave : Interweave Favorites - 25 Knitted Accessories to Wear and Share before purchasing it in order to gage whether or not it would be worth my time, and all praised Interweave Favorites - 25 Knitted Accessories to Wear and Share:

0 of 0 people found the following review helpful. even though my gauge was on and I should have had good results, I did not By Nancy Lindquist I would have given this the full five stars, but I've never followed the pattern as written. I am constantly making my own tweaks to everything, and in some cases, even though my gauge was on and I should have had good results, I did not. The fault was not reading the entire pattern before knitting. Which means me. Some of the directions are not as clear as I would like, and so I should have been more prepared and suss'd out the issues ahead of time and watched a video on that technique, rather than scrambling to figure it out, or substitute in a swatch before. 0 of 0 people found the following review helpful. Love to Knit By LKimmel Lots of wonderful patterns to knit. I made the knitted hat and it turned out beautiful. 1 of 10 people found the following review helpful. Three Stars By Mary P. Howell I wanted a hardcover book but accidently got an e-book instead. Too hard to use for projects.
