Euripides : Ion before purchasing it in order to gage whether or not it would be worth my time, and all praised Ion:

2 of 2 people found the following review helpful. Wonderful translation of some interesting playsBy J. FogelGreat translation--highly recommended!

Euripides was one of the greatest Greek tragedians and is considered one of the most important figures in ancient literature. Euripides is thought to have written close to 100 plays and almost 20 of them have survived. This edition of Ion includes a table of contents.

About the Author Euripides is thought to have lived between 485 and 406 BC. He is considered to be one of the three great dramatists of Ancient Greece, alongside Aeschylus and Sophocles. He is particularly admired by modern audiences and readers for his astute and balanced depiction of human behavior. "Medea" is his most famous work.
