David Pogue, Lesa Snider : iPhoto: The Missing Manual: 2014 release, covers iPhoto 9.5 for Mac and 2.0 for iOS 7 before purchasing it in order to gage whether or not it would be worth my time, and all praised iPhoto: The Missing Manual: 2014 release, covers iPhoto 9.5 for Mac and 2.0 for iOS 7:

5 of 5 people found the following review helpful. Worth it to help iPhoto productivityBy BoomerangThis book greatly increased my use and productivity with iPhoto. It is easy to find answers to specific questions.3 of 3 people found the following review helpful. The essential 'how to' for iPhotoBy NealCould not have done it without this book! Easy to follow instructions, lots of good tips. I learned so much more than attending the free MAC classes.0 of 0 people found the following review helpful. very helpfulBy SarahGives more info about iPhoto. We all can use some more help on this subject unless you live with someone who knows it all.better than a class because you can read again and again, aswell as turn back a page or two and check out the info again.

This new edition covers iPhoto 9.5 for Mac and iPhoto 2.0 for iOS 7. (iPhoto is not available in iOS 8.) Whether you're on a Mac or iOS 7 device, iPhoto now makes it easier than ever to organize, edit, publish, print, and share your photos—but neither version of the program offers a manual to help you get going. Fortunately, David Pogue and Lesa Snider offer a clear and objective guide to iPhoto in this witty, authoritative book. The important stuff you need to know: Organize your collection. Group your pictures by events, albums, people, or places. Sharpen your editing skills. Use all of iPhoto's editing options, whether you're on a Mac or on an iPad, iPhone, or iPod Touch running iOS 7. Dive into new features. Learn about the enhanced mapping system, new slideshow themes, and streamlined printing. Compare your photos. View multiple shots side by side to determine which is best. Share your shots online. Post photos on iCloud or Facebook, Flickr, Instagram, and other social sites. Keep web journals. Create snazzy, customizable online scrapbook pages. Create projects. Have fun building slideshows, gift books, calendars, and cards.

About the Author David Pogue is the founder of Yahoo Tech, former tech columnist for the New York Times, a double-Emmy-winning correspondent for CBS News Sunday Morning, and the creator of the Missing Manual series. He's the author or coauthor of 72 books, including 30 in this series, six in the For Dummies line (including Macs, Magic, Opera, and Classical Music), and a novel for middle-schoolers called Abby Cadabba's One and Only Magical Power. In his other life, David is a former Broadway show conductor, a piano player, and a magician. He lives in Connecticut with his wife and three awesome children. Links to his columns and weekly videos await at www.davidpogue.com. He welcomes feedback about his books by email at david@poguel.com.
