Steven C. Ridgely : Japanese Counterculture: The Antiestablishment Art of Terayama Shuji before purchasing it in order to gage whether or not it would be worth my time, and all praised Japanese Counterculture: The Antiestablishment Art of Terayama Shuji:

0 of 0 people found the following review helpful. A top-class study of a 1960s icon long due re-discoveryBy Sue BarashiAn excellent account of an underground icon long due re-evaluation. The author has a impressive knowledge

of the cultural context and makes a strong case for Terayama's genius and continuing importance. Hard to believe this book will ever be topped. 0 of 1 people found the following review helpful. Fantastic work! By Customer The work on Terayama Shuji is extraordinary fact, as there are only few works on the Japanese avangarde culture. Thanks to ! 0 of 1 people found the following review helpful. STILL unable to read months after purchasing! By Customer I've read the sample. indicates I've not ordered any items. When I attempt to reorder, indicates I've already purchased this read. Sent notification to , but customer service has not responded...

Terayama Shuji (1935-1983) was an avant-garde Japanese poet, dramatist, film director, and photographer known for his highly provocative work. In this inventive and revealing work, Steven Ridgely examines Terayama's life and art to show that a conventional notion of him does not do full justice to the meaning and importance of his wide-ranging, often playful body of work.

"Steven C. Ridgely's Japanese Counterculture is invaluablemdash;a long overdue study of Terayama's complex oeuvre, carefully researched and brilliantly argued. But Japanese Counterculture offers much more: it proposes to redefine the practice of cultural and countercultural studies, and even more significantly, the very nature of global culture. Therein lie its force, ingenuity, and radicality." mdash;Akira Mizuta Lippit, University of Southern California
