Goodness, Scott! 2000+ chords in 16 pages? ...By PedrovskiGoodness, Scott! 2000+ chords in 16 pages?!?!?Yes, fellow guitar players, you read that right. Scott's amazingly compressed system for guitar

voicings/fingerings/usage. Some study time with his approach will produce huge dividends. 0 of 0 people found the following review helpful. Four Stars By kees visser this is not a easy book to study from. (difficult book)

(Musicians Institute Press). The essential guide to jazz chord voicings and substitutions, complete with a color-coded method for over 500 essential voicings. Players will understand chord functions and their harmonic possibilities better than ever before, as well as inversions, extensions, alterations, and substitutions. Players will also be able to increase their harmonic vocabulary for accompaniment, composing and chord-melody playing.
