Very well organized, methodical, systematic and comprehensive. A thorough reference guide that also provides a logical method for practicing the material. 1 of 2 people found the following review helpful. (Guitar Educational). To become fluent in the language of jazz and music in general, musicians must develop equality of all twelve keys. The goal of this book is not only to provide a reference for learning chord fingerings, but to offer a daily practice routine to increase the guitarist's vocabulary of chords. This book will provide a clear cut path to

learning all the inversions of seventh chords by using the two main building blocks of jazz harmony: major and minor ii-V-I chord progressions. The audio includes backup tracks to 10 jazz standards to allow guitarists to apply their new chord vocabulary.
