By Kay M Perfect Christmas music collection, they sound as good as the original, though there are some parts made easier to play in this sheet music collection. Advanced beginner player to intermediate player will definitely enjoy this sheet music book. Doesn't require too much time to practice as each piece is mostly less than 3 minutes long.

By McWatt His music is just a joy to listen to and to play. I like that the chords are on the arrangement so if I have to improve it make it easy. I've played many of his forpreludes at

church and was very well received.
