Was happy to see them available on kindle. Was totally dissatisfied upon opening the kindle app to find that only the text on the title pages is great but the text of the actual tablature is unreadable. The tablature can not be affected by enlarging or clear text. It is very small print and when enlarged it just becomes more unreadable. I have a windows 8 operating system. 0 of 0 people found the following review helpful. Knowledge at your armslength ! By Martin Cubau Everything is to like here. I use it as a reference source and learning tool. DTTD has great guitar sounds and this book is the key to unveil them. Otherwise, it

would be near impossible for me due to the altered tunings that these sounds are achieved with and also lack of time.I've been waiting for this book for quite a long time.0 of 0 people found the following review helpful. Five StarsBy CustomerExactly what I expected. Very accurate arrangements.

(Play It Like It Is). Joe Bonamassa's acclaimed 2012 CD debuted at the #1 spot on the Blues albums chart. Here are artist-approved, note-for-note guitar transcriptions with tab for all 11 songs: Dislocated Boy * Driving Towards the Daylight * Heavenly Soul * I Got All You Need * Lonely Town Lonely Street * New Coat of Paint * Place in My Heart * Somewhere Trouble Don't Go * Stones in My Passway * Too Much Ain't Enough Love * Who's Been Talking.
