**Mick Bonham : John Bonham: The Powerhouse behind Led Zeppelin** before purchasing it in order to gage whether or not it would be worth my time, and all praised John Bonham: The Powerhouse behind Led Zeppelin:

2 of 2 people found the following review helpful. Good Follow Up to the Thunder of Drums for Hardcore JHB FansBy Virginia ShopperFor hardcore Bonham fans. If you are a hardcore fan and enjoyed a Thunder of Drums, then this would be a good addition. If you were bored after a Thunder of Drums, should probably pass.10 of 10 people found the following review helpful. For Hardcore Bonham FansBy John MennonnaWonderful insight as recanted by his brother Mick. Humerous accounts of episodes ranging from childhood to his tenure with Led Zeppelin. John was a working man with an immense natural talent. His personality and generosity is evidenced from the behind-the-scenes anecdotes that only someone as close as his family would be privy to. John's playing serves as a reference point from which I judge all other rock drummers. John's feel or "Slink" is present right from his early teens. It's his concept of time and his mastery of it that makes his drum tracks so crucial and essential. There's a reason his playing sounds so current and valid today - He knew what, when, and how to play what was needed and with taste, sophistication, and

innovation. One can only wonder what new iconic rhythm tracks he would have come up with since his all too early passing. 0 of 0 people found the following review helpful. Good read By Rob MI got this book in order to get an idea of what John Bonham's influences were, both drummers and styles. Wanted to get an idea of what it was it was he was listening to, that lead to his 'original' sound. I'm very happy so far, almost halfway through it

Bonham is a complete portrait of the drummers' drummer written by his brother Mick Bonham. With exclusive interviews and previously un-published photos from the Bonham collection, as well as a complete Led Zeppelin chronology and history of Bonham's earlier musical career.

"Pure enjoyment." nbsp; mdash; Drumhead
