Great for Beginning Little Piano PlayersBy The Williams FamilyThis has been great for my 6 year old learning to play the piano. I have used this book in the past with other 6 year old children, and it worked great. I believe 6 years old is a good age for a child to start learning to play the piano.

(Willis). A comprehensive step-by-step course specifically designed to suit the needs of all children beginning the piano. Includes: characters and illustrations * writing exercises * sight reading drills * review work * accompaniments * and more. Contains worksheets, reading-aloud exercises and accompaniments for teacher or parent.
