Francis Davis : The History Of The Blues: The Roots, The Music, The People before purchasing it in order to gauge whether or not it would be worth my time, and all praised The History Of The Blues: The Roots, The Music, The People:

Francis Davis's The History of the Blues is a groundbreaking rethinking of the blues that fearlessly examines how race relations have altered perceptions of the music. Tracing its origins from the Mississippi Delta to its amplification in Chicago right after World War II, Davis argues for an examination of the blues in its own right, not just as a precursor to jazz and rock 'n' roll. The lives of major figures such as Robert Johnson, Charlie Patton, and Leadbelly, in addition

to contemporary artists such as Stevie Ray Vaughan and Robert Cray, are examined and skillfully woven into a riveting, provocative narrative.
