Douglas Adams : The Hitchhiker's Guide to the Galaxy Radio Scripts Volume 2: The Tertiary, Quandary and Quintessential Phases before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hitchhiker's Guide to the Galaxy Radio Scripts Volume 2: The Tertiary, Quandary and Quintessential Phases:

1 of 1 people found the following review helpful. Douglas Adams - geniusBy Michael ScullinFirst came the radio

shows (and I still have the tapes), then the television series and then the movie - and somewhere in there came the books. The radio show are the best. I did not buy the entire five volume trilogy at one time but I recommend doing that. I now have all five and they remain as fantastic and funny as they were the first time around. This is great material for driving across country because it requires the listener to pay attention for fullest enjoyment. But the great thing is that one can play the entire series over and over and there will always be something new and the entertainment level never wears thin. For another side of Douglas Adams read "Last Chance to See." There is a used copy for a penny right now. 0 of 0 people found the following review helpful. GiftBy radGift. I gave 5 Stars because that is what I hope recipient will think. I also did not fill out the 'plot choices', but I glanced through it and I think there is some extra inside info and material. Rad0 of 0 people found the following review helpful. Great presentation of Douglas Adams' Final Hitchhikers Guide to the Galaxy Book, for radio. By WTSThe final programs in the Hitch Hikers Guide. Slightly different actors than the original but a great job nonetheless. This disk set completes the radio series, for now.

Twenty-five years after the original radio series of The Hitchhiker's Guide to the Galaxy exploded into the public consciousness, the further exploits of its bewildered hero Arthur Dent were finally adapted for radio by Dirk Maggs, in part using drafts written by Douglas Adams before his death. The resulting fourteen completely new episodes were produced by Above the Title Productions and broadcast on BBC Radio 4, with nearly all of the original cast reunited for recording. The Hitchhiker's Guide to the Galaxy Radio Scripts Volume 2 brilliantly bring to life the last three books in Adams' perennially popular Hitchhiker series: Life, the Universe and Everything; So Long, and Thanks for All the Fish; and Mostly Harmless. Dirk Maggs supplies notes which highlight original Adams material and explain how the cast, special effects and music were directed. The scripts are introduced by Simon Jones, who played Arthur Dent in both the original and the recent radio series, as well as in The Hitchhiker's Guide to the Galaxy television series. Douglas Adams first conceived The Hitchhiker's Guide to the Galaxy for radio and it is an honour to his memory that all five Hitchhiker novels have now been adapted for this medium. These scripts exemplify the freshness of perspective, humour and perspicacity that epitomize the work of Douglas Adams.

"This production will make you grin from beginning to end." mdash;AudioFile
