**Koji Kondo, Kozue Ishikawa, Toru Minegishi, Kenta Nagata, Akito Nakatsuka, Asuka Ohta, Manaka Tominaga, Hajime Wakai : The Legend of Zelda Series for Piano: 33 Themes from the Nintendo; Video Game Collection Arranged for Solo Piano** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Legend of Zelda Series for Piano: 33 Themes from the Nintendo; Video Game Collection Arranged for Solo Piano:

22 of 22 people found the following review helpful. a must have for any zelda fanBy MB...if you (or someone you know) play piano, of course.this is a fantastic sampling of music from the zelda series; midna's lament is an especially

beautiful piano piece. i do wish that it included songs from skyward sword, but i can't complain. also, most of the arrangements are very advanced. they will definitely take some time to practice. as long as you know the basic gist of the songs, you can always simplify them for your own skill level.my only gripe (worth less than half a star) is that the book is bound in such a way that makes it impossible to lay open without something holding the pages back. or risk ruining it with ugly creases! we also have the super mario for piano and for guitar and all of them have this problem. it would have been better spiral bound.2 of 2 people found the following review helpful. i think the arrangements are great - there are a few more accessible pieces in ...By Griffin JohnstonI mistakenly got the intermediate/advanced book now knowing there was a beginner version out there - so it took me a bit of time to work up to this - however, i think the arrangements are great - there are a few more accessible pieces in here, as well as pieces that will challenge even the advanced pianist. The song choices are a little repetitive in my opinion - there are so many "theme" and "field" pieces from each game that have slightly different feels to them, but are in many ways variations on the same basic idea. There is so much iconic music in the series by Koji Kondo, that it is a shame that a lot of great music ends up getting left out. Still a great collection, but it did leave me wanting more.0 of 0 people found the following review helpful. He loved it, so I love itBy JustinBought this as a gift for a friend who plays piano professionally and games casually. He loved it, so I love it. He did have to pause at a few points when playing through it (while he otherwise just blasts through sheet music the moment he sees it), so that was a fun "challenge" for him. Also, I got a free mini Zelda concert, so we all win.

After decades of anticipation, Alfred is proud to release the officially licensed, collectible sheet music companion folios to The Legend of Zeldatrade; video game series. The 33 arrangements in this intermediate-advanced piano edition are note-for-note transcriptions of instantly recognizable melodies beloved by generations of gamers around the globe. From Koji Kondo's iconic "The Legend of Zeldatrade; Main Theme" to The Legend of Zeldatrade;; Spirit Tracks themes, the dozens of pieces in this book represent two and a half decades of Nintendoreg; video game favorites. Adding to the fun, graphics from the corresponding games grace each page of the sheet music. Impress friends, family, and audiences of all ages by playing from this magnificent collection, which makes a great gift for every pianist.
