Charles White : The Life and Times of Little Richard before purchasing it in order to gage whether or not it would be worth my time, and all praised The Life and Times of Little Richard:

1 of 1 people found the following review helpful. great biography. Despite being "authorizedBy Koren ThomasThis is a fascinating engaging blend of history, rock-n-roll, great biography. Despite being "authorized," LR was brilliantly open with the author fully deserves a share of the credit. This Chuck Berry's Autobiography should be essentials for anyone interested in 1950s pop music, performers who broke through in Jim Crow era US, major cultural icons, people in general.0 of 0 people found the following review helpful. Richard spills alot of interesting and raunchy

details about his life BUT the one thing I don't like about this book is that itBy Jamesha RayFrom what I read, Richard spills alot of interesting and raunchy details about his life BUT the one thing I don't like about this book is that it includes commentaries from other people that knew/know Richard. For instance, on one page, you might read one of his siblings' perspective on Richard or his former manager talking about him and then it switches back to the author/Richard's perspective. I would enjoy the book better if it only stayed in the author and Richard's perspective and not include commentary sections from many other people who knew Richard.0 of 0 people found the following review helpful. I really like it, I think if you are a fan ...By EmeraldI been looking or this book to give as a gift, the book is very detailed and pictures, I really like it, I think if you are a fan of Little Richard, you will like this. I am reading this book before passing it along, and so far I am not disappointed,very good read.

When Little Richard burst onto the scene in the early 1950s, he sounded like nothing on earth. Drenched in sweat, screaming, hollering and pumping his piano, he made all who followed sould tame. His stage act was so explosive that for years people assumed the real man could never match the flamboyant public image. Here comes Charles White's sensational book exposing the even more astonishing life and times of Richard Wayne Penniman from Macon, Georgia. Illustrated with pictures from Little Richard's own archive and including a comprehensive discography.

About the AuthorCharles White, better known as Dr Rock, is official biographer to both Little Richard and Jerry Lee Lewis. Born in Dublin in 1942, he studied medicine in the Sixties and then moved to Scarborough where he still lives. He is both a writer and broadcaster, and a recognised expert on early rock 'n' roll.
