**K. E. Sullivan : The Life, Times and Work of Auguste Renoir (Discovering Art)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Life, Times and Work of Auguste Renoir (Discovering Art):

The Life, Times and Work of Auguste Renoir, an eBook in the Discovering Art series, provides an accessible illustrated introduction to the life and work of Renoir. The book details his life including his time spent at the studio of Charles Gleyre alongside his fellow impressionists Monet, Sisley and Bazille. Richly illustrated, the book includes the impressionist paintings done in his 30s and 40s such as La Loge and On the Terrace as well as his final masterpiece The Bathers, completed shortly before his death. View this eBook on your iPad or Android to fully appreciate the

lavish full colour illustrations.
