Kenneth Shields Jr. : The Little Bighorn, Tiospaye (Images of America) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Bighorn, Tiospaye (Images of America):

In June of 1876, members of various northern Plains tribes gathered at the Little Bighorn River to form the largest Indian encampment in recorded American history. The huge gathering, called Tiospaye, encompassed over 1,000 lodges housing approximately 7,000 men, women, and children. The over 200 vintage photographs portrayed here represent the weeks just before the infamous Battle of Little Bighorn and the creation of legends. Two major events occurred in June 1876 that would forever alter the course of Native American history. The defeat of Custer and the Seventh Cavalry was the most infamous event, but only the ending to a greater celebration. Offering a portrait of a people at the renaissance of their culture, this new book showcases images of the lifestyle of the encampment and the

many brave leaders who fought at Little Bighorn, including Sitting Bull and the author's grandfather, Feather Earring.
