Craig Baxter : The Ministry of Pleasure (Oberon Modern Plays) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ministry of Pleasure (Oberon Modern Plays):

Amid the splendours and pretensions of the royal court, the Earl of Rochester impresses Charles II with his irreverence

and plain speech. So much so, that the monarch gives him the task of creating a 'ministry of pleasure', thus liberating him to tour the country in search of all manner of delights. Featuring some of Rochester's most infamous poems, *The Ministry of Pleasure* opened at the Latchmere Theatre, London in June 2004.
