**Deborah Mutch : The Modern Vampire and Human Identity** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Modern Vampire and Human Identity:

Vampires are back - and this time they want to be us, not drain us. This collection considers the recent phenomena of Twilight and True Blood, as well as authors such as Kim Newman and Matt Haig, films such as The Breed and Interview with the Vampire, and television programmes such as Being Human and Buffy the Vampire Slayer.

'A truly important collection in Gothic and vampire studies, as well as for students and analysts of modern fiction, films, and television.' - Jerrold E. Hogle, University of Arizona, USA
