**Hal Leonard Corp. : The Most Requested Jazz Standards** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Most Requested Jazz Standards:

Further, arrangements are definitely intermediate skill level, not requiring advanced training or technique. The only reason I even hesitate on 'Five Stars' is that some arrangements are not the original, and not credited as arrangements--for example, 'Summertime' (Gershwin, from 'Porgy and Bess') is in key of A minor, where a longtime friend who is an authority on Gershwin assures me the original is in B minor, and tells me this accompaniment is somewhat simplified from original version. I found these standards very enjoyable even if not necessarily all original. This item continues my respect for the Hal Leonard corporation and their publications.0 of 0 people found the following review helpful. too sparse. On the other hand, I have several other books full of lush arrangements that are unplayable. This book is a very practical step for someone who wants to get to that level, because the chords and the melody are there, and nothing to stop you from embellishing and moving higher up the neck after you digest the tunes in the basic open positions.

(Piano/Vocal/Guitar Songbook). 75 favorite jazz standards in arrangements for piano and voice with chord frames, including: All the Things You Are \* But Not for Me \* Cheek to Cheek \* Come Fly with Me \* Embraceable You \* How About You? \* I Got Rhythm \* It Had to Be You \* Moonlight in Vermont \* On Green Dolphin Street \* 'Round Midnight \* Satin Doll \* The Very Thought of You \* and dozens more!
