Hazrat Inayat Khan : The Mysticism of Sound and Music: The Sufi Teaching of Hazrat Inayat Khan (Shambhala Dragon Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mysticism of Sound and Music: The Sufi Teaching of Hazrat Inayat Khan (Shambhala Dragon Editions):

3 of 4 people found the following review helpful. How the sound of vibrations can change your lifeBy marcos suarez

alaisA master book about the influence of vibrations (music) in our life, the meaning of love in our heart and how we are all connected to everything. Very simple and clear writing. I am not a sufi follower, but the teachings of HIK definitively touched my heart deeply. This man was a real mystic human being beside his background (just my feeling) A real surprise will be waiting for you in his writings I do recommend this book specially to improve our view of the modern way of life (internet, social networks, videos, lots of working hours... etc) 0 of 0 people found the following review helpful. Five Stars By DAVID HALL excellent book prompt delivery item as described; complete satisfaction 1 of 1 people found the following review helpful. Highly inspiring By beaunz This man has something to share with musicians, poets, and music lovers. You will want to own this. I did after I first picked it up at the public library years ago.

Music, according to Sufi teaching, is really a small expression of the overwhelming and perfect harmony of the whole universe—and that is the secret of its amazing power to move us. The Indian Sufi master Hazrat Inayat Khan (1882–1927), the first teacher to bring the Islamic mystical tradition to the West, was an accomplished musician himself. His lucid exposition of music's divine nature has become a modern classic, beloved not only by those interested in Sufism but by musicians of all kinds.

"A powerful book of mystical insight for people of all traditions."—Monos "Inayat Khan says that music is the 'picture of our Beloved' and then draws the picture stroke by stroke from every angle and plane until we see it. He is the only holy man I know who delivers an authentic and inclusive spiritual message from a musical sensibility. He does this rigorously, poetically and spontaneously, until we perceive our own actions as music. Open to any line on any page: you will be opened."—W. A. Mathieu, author of *The Listening Book* and *The Musical Life* "Inayat Khan brought one of the strongest and sweetest lineages from India to the West: the music and open heart of Sufism as it blends with Persian poetry and Western intellect. He is a source and a great joy."—Coleman Barks, author of *Open Secret* and *The Essential Rumi* From the Back Cover Music, according to Sufi teaching, is really a small expression of the overwhelming and perfect harmony of the whole universe - and that is the secret of its amazing power to move us. The Indian Sufi master Hazrat Inayat Khan (1882-1927), the first teacher to bring the Islamic mystical tradition to the West was an accomplished musician himself. His lucid exposition of music's divine nature has become a modern classic, beloved not only by those interested in Sufism but by musicians of all kinds. About the Author Hazrat Inayat Khan was trained as a musician and a Sufi of the Chishti order and gave concert tours of Indian classical music in the United States and Europe.
