Suzanne B. Hanser : The New Music Therapist's Handbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Music Therapist's Handbook:

1 of 1 people found the following review helpful. Suzanne is a smart woman who is very good at outlining the general ...By Jennifer Keiger Suzanne is a smart woman who is very good at outlining the general methods and interventions for a new music therapist. This book was well written and helped me pass the board certification exam. 5 of 5 people found the following review helpful. Not useful By Leslie W. This is about psychological evaluation, no real music therapy techniques discussed. I did not find anything I could use in my music therapy class. Disappointed. 0 of 0

people found the following review helpful. Five StarsBy MsdollyExcellent!

(Berklee Guide). Dr. Hanser's well-respected Music Therapist's Handbook has been thoroughly updated and revised to reflect the latest developments in the field of music therapy. It includes: an introduction to music therapy, new clinical applications and techniques, helpful case studies and anecdotes, and information on designing, implementing and evaluating individualized treatment programs, including guidelines for beginning music therapists.
