Leigh Benin, Rob Linneacute;, Adrienne Sosin, Joel Sosinsky : The New York City Triangle Factory Fire (Images of America) before purchasing it in order to gage whether or not it would be worth my time, and all praised The New York City Triangle Factory Fire (Images of America):

0 of 0 people found the following review helpful. Interesting bookBy JTInteresting book .0 of 1 people found the following review helpful. A Historically Moving Wake Up Call.By Nicolette82rAs an Images Of America book, this one touched me deeply. Plus the paperback was cheaper than the e-book. This tome is in a way an in-depth look into the Triangle Factory Fire that took place on March 25, 1911. They are amazing before-during-after photos of the building, inside and out. As well as the public court reform that brought about changes in the industrial workplace. Even though it read like a textbook, I recommend this book for anyone researching New York history.0 of 1 people found the following review helpful. Five StarsBy DavidGreat

On March 25, 1911, flames rapidly consumed everything within the Triangle Waist Company factory, killing 146 workers. The victims, mostly young Jewish and Italian immigrant women, died needlessly due to unsafe working conditions, such as locked or blocked doors, narrow stairways, faulty fire escapes, and a lack of sprinklers. Until September 11, 2001, the Triangle fire was the deadliest workplace disaster in New York City history. Mass grief and outrage spread from New York's Lower East Side across the country. Garment union membership swelled, and New York politics shifted dramatically toward reform, paving the way for the New Deal and, ultimately, the workplace standards expected today. Through historic images, The New York City Triangle Factory Fire honors the victims' sacrifice and serves as a reminder of the ongoing struggle for the dignity of all working people.

About the Author Leigh Benin, Rob Linneacute;, Adrienne Sosin, and Joel Sosinsky are cofounders of the Education and Labor Collaborative, an organization dedicated to teaching youth about the hidden labor heritage of the United States. The authors have worked closely with Workers United, which is the successor union to the historic International Ladies Garment Workers Union (ILGWU), and HBO Documentary Films in researching this important history.
