From Chronicle Books LLC : Woof: I Love Dogs before purchasing it in order to gage whether or not it would be worth my time, and all praised Woof: I Love Dogs:

0 of 0 people found the following review helpful. I love this book!By Debbie A.This book makes me smile. I was looking for a picture book for my 97yr old grandmother. After returning several books because they only had black and white photos, I was happy that most of the images in this book are color. Its the perfect size too (about 7"sq). I admit a bias because as the title suggests, I Love Dogs, but looking at the images I can't help smiling at all the happy faces! I had to get a copy for myself too.0 of 0 people found the following review helpful. Five StarsBy ANN WILSONVery CUTE Book....0 of 0 people found the following review helpful. Very CuteBy illustrator/designer41I had the Meow book and this is just as adorable. What's not to like about puppies. Of course, this book is only good for ooohing and aaaaahing over the puppies, but I wouldn't pass it up as a book for people looking for a type of puppy to buy.

The perfect gift for any dog lover, this tribute to man's best friend pairs charming quotes about canines with images by four of the world's best-selling animal photographers. Within these pages are puppies and dogs of every shape and size pawing, playing, and just looking darn cute!

Many of these pictures will make you smile, and some will make you laugh, but this is more than just a collection of

cute doggie pix. They are portraits in the full sense of the word: whether posed or impromptu, each image reveals something true about a particular dog or about dogs in general. Erwitt, a veteran photographer and member of Magnum, offers simple truths: "Living with a dog is messy"; "A dog teaches a boy fidelity." His pooches, in all shapes and sizes, are pensive and playful, reflective and active; they zestfully leap into a lake or lie belly up in a grassy field, enjoying a lovely day. Unlike William Wegman's dog photos, Erwitt's don't rely on props or costumes, though two supercool Dalmatians in goggles do make an arresting pair. Even if you're not a dedicated dog lover, this book will charm you. Woof! -Publishers Weekly, starred review

About the Author Catherine Ledner's work is highly sought after and has appeared in numerous publications including Travel + Leisure, Dwell, and the New York Times Magazine. She lives in Pasadena, California.

Rachael Hale McKenna is one of the world's most popular animal photographers. Her books - published under her maiden name of Rachael Hale - have sold over 2.7 million copies. She lives in the South of France.
