book for newbiesBy Garrett MurphyI don't normally give 5-star reviews, but this book has been amazing for my  
daughter. She's spent the summer working her way through the book and the little step-by-step instructions and  
explanations of music terminology have been amazing for her. Can't wait to hear her with the advanced band in her 6th  
grade class!1 of 1 people found the following review helpful. Great book. I had this method as a 7th ...By PatrickGreat  
book. I had this method as a 7th grader. I bought this for my 7th grader and she loves it.

Yamaha Band Student will appeal to teachers looking for a well-paced lesson sequence that keeps students motivated  
to continue past the first critical year. It is affordably priced, attractively presented and meets the needs of today's  
students and educators. Each level includes numerous songs, duets, trios and four full-band arrangements right in the  
method itself---perfect for first-year concerts.
