This book seemed to go well with the other. The Really Cool Stuff one is more life-like drawing and You Can Draw is more character-like (ie Cartoon or coloring book style). Both were step by step style teaching books and I found them very simple to follow yet exceptional in detail and style. The boy loves to draw and these should help him along in perfecting his talents and love for drawing. 0 of 0 people found the following review helpful. YOU CAN DRAW By Joni Seiffert This is one of the most impressive drawing books I've ever purchased! My grandchildren have spent HOURS working this this book and enjoying it! There are so many drawings included in this one book! It is fantastic! I would definitely recommend it to anyone who is looking for a very wonderful drawing guide for children! 0 of 0 people found the following review helpful. Wonderful book to encourage beginning drawing By grandma This is a GREAT book for children (or adults) who want to get better at drawing all sorts of subjects. I have purchased a total of 4 of these books for my grandsons. They all are happy with the book and it's methods and are getting much better at drawing. Thank you for selling this book.

You Can Draw is the ultimate drawing guide! It guides you step by step through the drawing process, building skills

from the beginning. Includes information on what sorts of materials to use; clear instructions with diagrams; heaps of helpful artist's tips. This collection covers how to draw pets, sea creatures, wild animals, farm animals, people at work, cars, cartoon characters and insects. You Can Draw will help you make your pictures better than ever before!
