It's like Quentin Tarantino had a bad trip on acid and wrote about his worst nightmare.0 of 0 people found the following review helpful. I've had my hole.By IamPatSajakIrvine Welsh can do no wrong in my

eyes. This was no *Trainspotting*, but it wasn't as slow as *Bedroom Secrets of Master Chefs*. This is a must have for Irvine Welsh fans, but if you aren't familiar with his writing you may want to skim a few books at the library or read a sample chapter to be sure you can get through it. 1 of 1 people found the following review helpful. great quick read if you like irvine welsh

By The Ronjust going to be brief, but i thought this was an enjoyable quick read about two kidnappers and the guy they kidnap and his gf. its like welsh's other novels where it has some very funny parts but at other times has some very deep serious portions.some of it might seem to be a bit of a stretch, but hey it is fiction, it'd probably be interesting to actually see on stage.so if you like welsh i suggest readin this. or if you havent this might be a good starter read.

A play from the author of *Trainspotting* Within the sound-proofed walls of a disused recording studio, a score is being settled. Two inner city low-lives take the law into their own hands to satisfy their craving for fun, fear and a freakish sense of justice. "You'll Have Had Your Hole" premièred at the West Yorkshire Playhouse and toured internationally - although it was banned in Belgium.
