The one that is \$1.95 is only the lead sheet for the song "You're a Mean One, Mr. Grinch." It's in the key of Eb, or C minor. You get the melody line and the accompanying chord notation - nothing more. The version that costs \$3.96 is also in Eb/C minor. It is a piano/vocal/chord arrangement. It's also essentially a scan of the sheet music, and can not be magnified large enough to be useful. The graphic gets distorted because of the size, whether on a large computer monitor or the iPad app, making it very tricky to read the music. 0 of 0 people found the following review helpful. Horrendously disappointing on every level. By Count Grahamula Advertised as 12 pages, but mine is only 6. Music is marked as finished after the end of the 3rd verse, exactly half way through the song ("seasick crocodile" line). Also, this isn't any version I'm familiar with; certain rises and falls are completely omitted. And it's in B-flat major/ g

minor of all keys. Gave up trying to use this score, started writing my own. 0 of 0 people found the following review helpful. Mr Grinch Story By Pamela Hasset This story is amazing!
