### Encyclopaedia Universalis : Z de Costa-Gavras: Les Fiches Cineacute;ma d'Universalis (French Edition)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Z de Costa-Gavras: Les Fiches Cineacute;ma d'Universalis (French Edition):

Une fiche de reacute;feacute;rence sur Z, un chef-d'oeuvre de Costa-Gavras.Apregrave;s avoir eacute;teacute;l'assistant d'Yves Alleacute;gret, de Reneacute; Clair et de Jacques Demy, Costa-Gavras, neacute; en 1933 agrave;

At the beginning, I read two films: the first, *Compartment tueurs*, in 1965, and the other, *Un homme de trop*, in 1967. The great films merit the same treatment as the great books. On the subject of reading cards, the cards of Encyclopaedia Universalis associate an analysis of the film and an article of substance on its author: - To know and understand the work and its context, to know it more finely and to be able to speak in knowledge of cause. - To make one's own judgment under the guidance of a competent guide. An work edited by specialists of cinema for all knowledge on Z of Costa-Gavras. About Encyclopaedia Universalis: Recognized worldwide for its quality and its reliability; incomparable to its publications, Encyclopaedia Universalis meets the knowledge of all. Edited by more than 7 200 specialists and rich in more than 30 000 pages (videos, photos, cards, drawings...), Encyclopaedia Universalis is the most reliable collection of reference available in French. It covers all the domains of knowledge.
