Adriana Cruz-Manjarrez : Zapotecs on the Move: Cultural, Social, and Political Processes in Transnational Perspective (Latinidad: Transnational Cultures in the United States) before purchasing it in order to gage whether or not it would be worth my time, and all praised Zapotecs on the Move: Cultural, Social, and Political

Processes in Transnational Perspective (Latinidad: Transnational Cultures in the United States):

Through interviews with three generations of Yalaacute;laz Zapotecs (ldquo;Yalaacute;ltecorsrdquo;) in Los Angeles and Yalaacute;laz, Oaxaca, this book examines the impact of international migration on this community. It traces five decades of migration to Los Angeles in order to delineate migration patterns, community formation in Los Angeles, and the emergence of transnational identities of the first and second generations of Yalaacute;laz Zapotecs in the United States, exploring why these immigrants and their descendents now think of themselves as Mexican, Mexican Indian immigrants, Oaxaqueñil;os, and Latinosmdash;identities they did not claim in Mexico. Based on multi-site fieldwork conducted over a five-year period, Adriana Cruz-Manjarrez analyzes how and why Yalaacute;laz Zapotec identity and culture have been reconfigured in the United States, using such cultural practices as music, dance, and religious rituals as a lens to bring this dynamic process into focus. By illustrating the sociocultural, economic, and political practices that link immigrants in Los Angeles to those left behind, the book documents how transnational migration has reflected, shaped, and transformed these practices in both their place of origin and immigration.

"Cruz-Manjarrez documents important aspects of indigenous immigrant identity formation in Los Angeles and Yalaacute;laz, Oaxaca, particularly of immigrant youth, adding to our understanding of urban indigenous incorporation in the United States."
