BE CAREFUL WHEN ORDERING KINDLE BOOKS OF THIS TYPE. The print is so f'ing small one needs a magnifying glass to see it. And no the print does not enlarge enough to get past bad printing. By this I mean, if the letters and numbers are not printed clearly, one may not be able to make out all of the nomenclature regardless of how enlarged the print is. ****LOOK**** One trick that may help is to use the "one column only" mode. right click on Kindle page. At bottom left of page one will see an icon that looks like this..Aa..(capital a next to small case a) click on Aa icon and a "View Options" box will appear. From there one may enlarge the font and/or activate the "one column only" function. This is a big help in being able to see the TAB/sheet

Waitin For The Bus1 of 1 people found the following review helpful. Classic ZZ TopBy J. AllenQuick and easy way to learn ZZ Top classics on the guitar. I don't agree with some of the tabulation but otherwise this book kept me on the right path to keeping the songs original.
